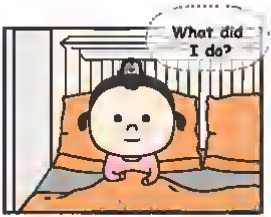
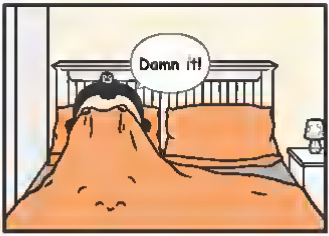
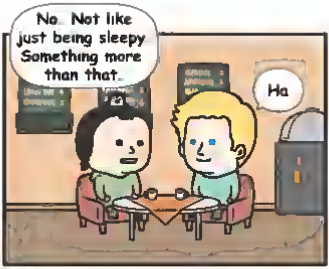
Drunken Mev



Like many other people,

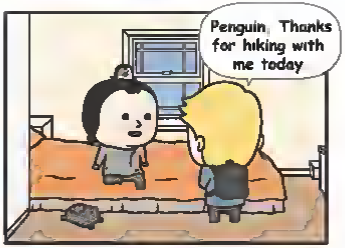


I've made many crazy or stupid mistakes when I've been drunk.



So I always wondered about Mev being silly after getting drunk.

Then one day.

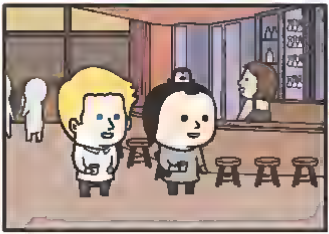


Penguin, Thanks for hiking with me today

Hehe, Well~ I had a good time too. It was nice.
You know what?

So Mev promised me a good night out.

The following weekend



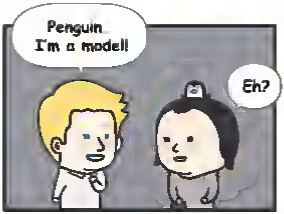
Mev and I went to many nice bars.

After we drank more and more.

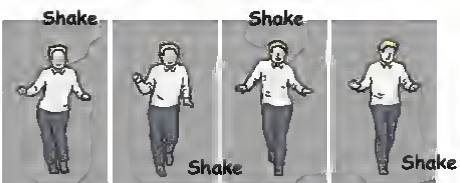
We definitely drank lots more than we usually drink.

When we decided to go back home,
we were totally drunk.

It was a weekend night,
there were so many people
on the street.



Then suddenly,



Mev started to wiggle his bottom,
and he walked on the street.

I finally could see something
funny from drunken Mev.

When he finished his model walk

A man from a group of guys who were passing by us told Mev.

You have
a nice bum.

Yeah?
You heard it?
